## Press Release E-Voyages Open an Office in Scotland

E-Voyages Group is delighted to announce the opening of our sister office in Edinburgh, in partnership with Scottish Enterprise.

Our destination experts have been lovingly putting together all manner of group and individual itineraries across all corners of Scotland for years. Whether standard, off-the-beaten track or experiential all our programs are tailor-made to suit our clients' requirements.

**Julie Morris**, our Director of Procurement and Operations for Scotland, formerly MD at Abbey Tours, has been working with us for many years. Thanks to her and the ever-growing number of tours we have been operating throughout Scotland, we have assembled a team that packs an impressive collective experience:

**Gemma Watt**, formerly Director of Sales in Hotels across Scotland, who also worked for key DMC's, will be of great value to maintain our existing partnerships and forge new relationships with suppliers.

**Cheryl Scott-Davidson** brings in her years of experience with local DMC's. Her expertise lies with the seamless management of all the stages of group operation.

**Clorinde Michel**, A well-known Blue Badge Guide in Scotland with an excellent reputation is part of the team on a full-time basis. She gives us an enviable edge in first-hand itinerary building, and will also guide some of our tours in the summer.

**We are exhibiting at VisitScotland Expo Glasgow on 10 and 11 April 2019. Come pay a visit to our team on our stand C48.**
